

Jiko Securities, Inc.

Business Continuity Plan Disclosure

September 30, 2021

Jiko Securities, Inc. has developed a Business Continuity Plan that describes how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us

If, after a significant business disruption, you cannot contact us as you usually do by calling us, toll-free, at 1-833-333-JIKO (1-833-333-5456) (if calling from outside the United States, call 1-510-788-8810) you should contact our clearing firm, the Apex Clearing Corporation at (214) 765-1100 for instructions on how it may provide prompt access to funds and securities.

Our Business Continuity Plan

We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, depending on the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring

our customers' prompt access to their funds and securities if we are unable to continue our business.

Our clearing firm backs up our important records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firm that its objective is to restore its own operations and be able to complete existing transactions and accept new transactions and payments within 24 hours. Your orders and requests for funds and securities could be delayed during this period.

Varying Disruptions

Significant business disruptions can vary in scope, whether impacting only our firm, the building housing our firm, the business district where our firm is located, the city where we are located, or the broader geographic region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm, a building housing our firm, or datacenters operated by the firm, we will transfer our operations to another local site or an alternate datacenter, when needed, and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area and recover and resume business within 24 hours. In either situation, we plan to continue our business operation, and notify you through our website jiko.io or through the Jiko App on how to contact us. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.

For more information

If you have questions about our business continuity planning, you can contact us, toll-free, at 1-833-333-JIKO (1-833-333-5456) (if calling from outside the United States, call 1-510-788-8810).
